ADVOCATING VISION, PROTECTING SIGHT

ONE POWERFUL VISION

Atlantic Vision Partners and the SEES Group unite to expand access, enhance care, and drive innovation — *Together.*

PRESS RELEASE

Vienna, Virginia (April 2026) — Atlantic Vision Partners (AVP) is pleased to announce a strategic merger with the **SEES Group**, bringing together two respected, physician-led organizations with a shared commitment to advancing eye care. This partnership marks a major milestone, creating one of the largest and most comprehensive eye care networks in the Southeast and Mid-Atlantic, with more than **80+ locations across Virginia, Tennessee, and Alabama.**

By uniting their strengths, **AVP and the SEES Group** will expand access to high-quality ophthalmic and optometric care, accelerate investment in clinical innovation, and enhance the patient experience across the communities they serve.

> ***By joining forces with the SEES Group, we are creating a stronger, more innovative eye care platform focused on people—our patients, providers, and teams," said CEO Roberto Conte. This merger isn't just about growth; it's about elevating the level of care we can offer. With shared clinical expertise, expanded resources, and a unified commitment to excellence, our patients will benefit from faster access, better technology, and more collaborative treatment options.***

AVP and the SEES Group, owned by **TPG Twin Brook Capital Partners**, will continue to operate seamlessly, with no disruption to patient appointments, surgeries, or clinical operations.

WHAT THIS PARTNERSHIP MEANS FOR OUR COMMUNITIES:

ENHANCED ACCESS
to specialty eye care across Virginia, Tennessee, Alabama.

CONTINUED INVESTMENT
in physicians, staff development, technology, and surgical facilities.

A UNIFIED VISION
to elevate patient outcomes, clinical research, and the overall patient experience.

ABOUT

Atlantic Vision Partners (AVP) is a dynamic multi-state management services organization dedicated to building a best-in-class network of ophthalmology, optometry, and optical practices across the eastern United States. Headquartered in Richmond, VA, AVP partners with distinguished eye-care professionals to deliver outstanding patient outcomes, supported by advanced technologies and an industry-leading operational infrastructure. Through its physician-led model, AVP allows clinicians to focus on what matters most—their patients.

The SEES Group operates a network of ophthalmology clinics and ambulatory surgery centers across the Southeastern United States, delivering high-quality medical and surgical eye care close to home. Through its physician-led model, SEES Group empowers doctors to focus on exceptional patient care while providing centralized support in operations, compliance, and growth strategy. This partnership-driven approach enables practices to thrive clinically and operationally, advancing access, innovation, and outcomes in eye care.
